Guided trip to Murmansk for groups

Murmansk is known as the world's largest city North of the Arctic Circle, only 250 km away from Kirkenes. Here you find both, the "old" Russia and the modern Russia. Murmansk with it's 320.000 inhabitants has changed a lot the last few years and you will feel these changes during your visit. The modern town Murmansk offers a wide range of restaurants, bars, shopping opportunities and more. This guided trip will give you a different and exciting experience on both sides of the border.

DAY 1:

The tour starts from the centre of Kirkenes at 10.00 (pick up at Coastal Steamer on request). After 15 min we arrive at the border crossing point Storskog. There is a visa and passport control before and after crossing the Russian border. Our guide will tell you about the history and nowadays situation of the different areas we will pass.

We continue through Nikel and Zapoljarnyj, cities where destruction of nature is enormous due to the Soviet mining industry. Short stop at Zapoljarnyj: possibility to take out money at the cashpoint and buy snacks. We will also pass the valley of Pechenga with its large military base and monuments from the 2nd world war.

Arriving time in Murmansk is at approximately 17.00 Russian time. City sightseeing in Murmansk: visit at Alojsa the 36 meter tall statue of "the unknown soldier", nice panorama view, visit in a church and guided trip through the town with information about shopping opportunities and restaurants.
